COLLEGE SUITES AT BROCKPORT

Christa Construction was retained as General Contractor for the College Suites at Brockport project, that broke ground in late September 2008.

This new three-story, 156,000 SF wood framed apartment complex houses approximately 400 students. This private development is situated off-campus on a 12-acre site. The furnished units include all utilities, plus cable television and high-speed internet access. Common spaces include lounges, study areas, an exercise room, cafes, and game rooms.

This project was completed and ready for fall 2009 enrollment.
