

Municipal (Recreational Facilities)

HENRIETTA RECREATION CENTER

The Henrietta Recreation Center is a 2-story, 41,000 square foot steel structure, with a combination brick veneer and metal panel exterior. The facility is located adjacent to the Henrietta Town Hall on Calkins Road on the re-developing Henrietta Municipal Campus.

The Recreation Center opened in Fall 2016 and includes a gymnasium (featuring basketball, volleyball and pickleball courts) an elevated indoor walking track, activity rooms, multipurpose meeting room, dedicated gymnastics area, batting cage and a preschool activity room.

This facility was the first step towards re-vitalizing the town's municipal campus and centralizing all services to one location.

Project Location:	Henrietta, NY
Project Cost:	\$9.7 Million
